TASK DESCRIPTION

Unit: Operations

Task type: In-class task - extended response

This task will provide students with the opportunity to demonstrate their knowledge of concepts on the topic of Operations. It is an in-class task where the students will be given 60 minutes to plan and write the response. The extended response must refer to a case study that the students have studied in class.

TASK INSTRUCTIONS

In this topic –Operations, we have looked at the elements of the operations process. This task will assess your ability to explain your understanding of operations and link the McDonalds case study to the question provided on the day.

In your preparation, you may wish to refer to:

- your notes
- handouts from class
- other resources.

Note: In the test, allocate the appropriate length of time for the question.

You must submit:

A clearly written extended response by the end of the 60 minutes.
