What is this book about?

This book is designed as a guide for students and their parents to the HSC Assessment procedures at Manilla Central School. It is important that both students and parents are aware of the assessment procedures and requirements.

How is it set out?

The book is divided into five sections.

- Section 1 - The Manilla Central School Assessment Policy
- Section 2 - Responsibilities of a Senior Student
- Section 3 - Subject Assessment Information
- Section 4 - Glossary of Key Words
- Section 5 - Harvard Referencing Guide

What should I know?

Students must read, understand and accept the conditions as outlined in Section 1 – The Manilla Central School Assessment Policy. If something in the policy is not clear to you, seek clarification – ignorance is not an acceptable excuse for failing to follow the policy guidelines. This book is designed to eliminate doubt and confusion regarding school assessments in Year 12. It will also help you to plan your time by knowing when assessments are due.

The assessment programme demands consistent and effective work patterns, a commitment to meeting deadlines and a determination to present work of a high standard. Effort and diligence are hallmarks of a successful student.

Despite our best intentions, it is possible, as with any assessment programme that adjustments may need to be made. Any change if it does occur, is expected to be minor, with ample forward notification. These changes can only be approved by the Principal.

What can I do for more information?

Senior courses can be very complex. It is only natural that questions will be raised from time to time about progress in courses and about the School Assessment Policy.

Questions are best first directed to the class teacher. If this does not clear up the matter then should ask the Head Teacher Administration. Other people who may be able to assist include the Stage 6 Head Teacher, Stage 6 Adviser, Careers Advisor or the Assessment Coordinator Deputy Principal, Mrs Ferguson.

Students should also be aware of and are encouraged to make use of, other sources such as the NSW Education Standards Authority (NESA). Click on: <http://educationstandards.nsw.edu.au>

SECTION 1 – ASSESSMENT AND REPORTING INFORMATION

INTRODUCTION

Year 12 Course assessments are designed to:

- provide students with the opportunity to demonstrate their knowledge and skills
- assist faculties in the determining assessment marks for NESA.

THE YEAR 12 COURSE

Students must study a minimum of 12 units in the Year 11 Course and a minimum of 10 Units in Year 12.

Both the Year 11 course and the Year 12 course must include the following:

To be eligible for the HSC, you must:

- satisfactorily complete Years 9 and 10 or gain other qualifications that satisfy NESA
- attend a government school, an accredited non-government school, a NSW Education Standards Authority recognised school outside NSW, or a TAFE college
- complete HSC: All My Own Work (or its equivalent) before you submit any work for Preliminary or HSC courses, unless you are only entered for Year 11 and Year 12 Life Skills courses
- satisfactorily complete courses in the patterns of study detailed below
- sit for and make a serious attempt at the required HSC exams
- meet the HSC minimum standard of literacy and numeracy within five years of starting your HSC course

Certain patterns of study and course requirements apply

If you wish to be awarded the HSC, you must study a minimum of 12 units in the Year 11 course and a minimum of 10 units in the Year 12 course. Both the Year 11 course and the Year 12 course must include the following:

- at least 6 units of Board Developed Courses;
- at least 2 units of a Board Developed Course in English;
- at least three courses of 2 units value or greater (either Board Developed or Board Endorsed Courses); and
- at least four subjects

You must also complete the practical, oral or project works required for specific courses and the assessment requirements for each course and have sat for and made a serious attempt at the required Higher School Certificate examinations.

Some courses have certain rules and prerequisites in your 6 units of Board Developed Courses but you can't count it as the 2 units of English that UAC uses to calculate an ATAR.

Enrolling in a course that you are not eligible for could put your HSC at risk, so carefully check your eligibility for all courses you are entered for. You can find out more about eligibility rules and prerequisites at <http://educationstandards.nsw.edu.au>.

Most university courses require that students have an Australian Tertiary Admission Rank (ATAR). To be eligible for an ATAR you must:

- 8 units from Category A courses
- 2 units of English
- Three Board Developed courses of 2 units or greater
- Four subjects

Your ATAR is then calculated from your:

- Best 2 units of English
- Best 8 units from your remaining *units, which can include no more than 2 units of Category B course*

Additional information:

NSW Education Standards Authority (NESA) rules and requirements can be found at <http://educationstandards.nsw.edu.au/wps/portal/nesa/home>.

Senior study is to comprise of a Year 11 and 12. The Year 11 course at Manilla Central School will be the first three terms in Year 11. Most subjects will commence the Year 12 course in Term 4 of Year 11.

Students usually study 12 units at school but may study other courses, such as TVET courses, outside of the school's timetable. An exception may be sought if the student has a Traineeship.

STUDENTS PLEASE NOTE:

The NSW Education Standards Authority has stated under Section 11(11.4) that students will have

"applied themselves with diligence and sustained effort to the set tasks and experience provided in the course by the school"

This is interpreted at Manilla Central School as:

- Satisfactory completion of a subject judged on the student's attendance, completion of ALL set work (assessments and assignments / homework / essays, etc.) and acceptable behaviour.

Course changes cannot occur before the end of Term 4 Week 3 and subject to the Principal's discretion. To make any course changes, students will need to complete the necessary paperwork and make a meeting time with the Deputy Principal. The paper will be processed on the Monday of each week at 9am. Paperwork must be submitted in the Friday prior to be processed. Students will remain in the course until the process has been completed. Once the process has been completed the student will be required to sign updated NESA paperwork and will receive an updated timetable.

The Deputy Principal shall monitor patterns of study in line with NESA requirements. Class and executive teachers will monitor student progress and behaviour in the curriculum areas.

Only those students who have satisfied the requirements of attendance, completion of assessment criteria and conduct will be allowed to continue the HSC section of their course. Students who are not satisfactory in one or more subjects place themselves at risk of being expelled for unsatisfactory participation.

The **minimum requirement** is that the student must make a genuine attempt at assessment tasks that contribute **in excess of 50 percent** of available marks in the course. A student who does not comply with the assessment requirements and receives a **non-completion determination** in a course will have neither an assessment mark nor an examination mark awarded for that course.

When a student is not meeting requirements in a subject area, an “official warning letter” outlining a course of action is sent home. The letter cannot be ignored if a student wishes to remain a candidate in that subject. (A sample of such a letter is included in this document)

While NESA does not stipulate attendance requirements, Principals may determine that, as a result of absence, the course completion criteria may not be met. Clearly, absences will be regarded seriously by Principals who must give students early warning of the consequences of such absences. Warning letters must relate the student’s absence to the non-completion of course requirements.

SENIOR ASSESSMENT

The NSW Education Standards Authority has set requirements for both schools and students. You must be aware of these requirements.

You can get further information of these requirements or any other matter relating to senior assessment by asking your Stage 6 Advisor, Head Teacher Administration or Deputy Principal. You may even access the NESA's Web site:

<http://educationstandards.nsw.edu.au>

NATURE AND PURPOSE OF RECORD OF SCHOOL ACHIEVEMENT ASSESSMENT

At the conclusion of Year 12 students receive two types of accreditation:

- a. A school-based report, which is a record of the student’s results based on the set assessable tasks and coursework
- b. A Record of School Achievement which shows:
 - i. A grade (A to E, N) for each subject sat for at the Year 10 Record of School Achievement (RoSA) level.
 - ii. A grade (A to E, N) for each subject sat for at the Year 11 Record of School Achievement (RoSA) level.
 - iii. Marks achieved for the Higher School Certificate

HSC MINIMUM STANDARDS

From 2020, students must demonstrate a minimum standard of literacy (reading and writing) and numeracy to be eligible for the award of the HSC credential. Students have up to four opportunities per year to sit each minimum standard reading, writing or numeracy test. Students can take the tests from Year 10 until up to five years after starting their first HSC course. Students enrolled in Life Skills courses may be exempt under certain conditions.

Future information can be found on the ACE and NESA website'

ENGLISH STUDIES AND MATHEMATICS STANDARD 1 NESA HSC REPORTING

Student achievement in Year 12 English Studies and Mathematics Standard 1 courses is reported as a grade. Year 12 student work samples are uploaded to NESA. Both course have an optional HSC examinations, for students entered to sit the HSC examination an estimate marks is submitted by the school.

English Studies Achievement level descriptions

These achievement level descriptions provide the standards to be used when reporting student achievement on school-based assessment in English Studies for the HSC from 2019.

All students who complete the course receive a grade representing their overall achievement on school-based assessment. This grade is reported on the HSC credential.

The grading descriptions can be found at

<https://www.educationstandards.nsw.edu.au/wps/portal/nesa/11-12/stage-6-learning-areas/stage-6-english/english-studies-2017/achievement%20level-descriptions>

Mathematics Standard 1 Achievement level descriptions

These achievement level descriptions provide the standards to be used when reporting student achievement on school-based assessment in Mathematics Standard 1 for the HSC from 2019.

All students who complete the course receive a grade representing their overall achievement on school-based assessment. This grade is reported on the HSC credential.

The grading descriptions can be found at

RESPONSIBILITIES OF YEAR 12 STUDENTS REGARDING ASSESSMENT

- Ensure they obtain and understand the school's policy on assessment
- Attempt each task to the best of their ability so they demonstrate maximum level of achievement
- Ensure that any questions they may have about the marks awarded or comments made for an individual piece of work are resolved at the time the work is handed back
- Demonstrate through application and achievement, that they have met the requirements of the course

ASSESSMENT TASKS

Each subject assessment schedule sets out the outcomes that are to be examined and the weightings of the different components assessed in each course, as well as the value, nature and appropriate time of each assessment task. Further details about each task can be obtained from the course teacher or the Head Teacher Administration.

THE ISSUING OF ASSESSMENT TASKS AND THEIR TIME FRAME

The assessment schedule is designed to provide students with a time frame for the assessment tasks and sets them out so that students may organise their study timetable in advance so to avoid an overload.

Students will be told whether a particular piece of work is an assessment task. The date on which it is due or is to be performed will be clearly notified in print. Students will be given at least ten school days' notice.

When tasks are issued or notified, students will sign an assessment form acknowledging receipt of the task and the notice of the due date. **A student, who is absent, must on the day he/she returns to school, see the class teacher or Head Teacher Administration to obtain information on the relevant task.**

THE PROCEDURE FOR THE SUBMISSION OR PERFORMANCE OF ASSESSMENT TASKS

- Tasks must be submitted as stated on the assessment task on the due date. Students may submit tasks **earlier** where necessary (e.g. TAFE attendance, excursion etc). They need to see the Head Teacher Administration to obtain a copy of the Application – Assessment Task Extension/Variation and discuss the reason for the variation. Students hand the application form to the Head Teacher Administration. The task must be handed to the Head Teacher Administration or classroom teacher of that subject and the sign the assessment form.
- Tasks **CANNOT** be delivered by 'friends', unless there are special circumstances negotiated with the Head Teacher Administration.
- Students on Work Placement or Work Experience must make arrangements to present work **ON** or **BEFORE** the due date. Work Placement or Work Experience is not an excuse for late assessment tasks.
- All electronic devices must be switched off and in the student's bag during in class assessment tasks unless specified on the assessment task. Any student who interacts with electronic devices during a task will be awarded zero. Parents will be notified via phone call and a zero letter.

PARALLEL CLASSES

When classes are parallel, common assessment tasks must be given and arrangements made for marking procedures, which maintain relativity across all classes.

STUDENTS TRANSFERRING FROM ANOTHER SCHOOL

A student who transfers from another school can be assessed on their performance if enough tasks were performed within the new school. Evidence can also be gained from the student's original school if necessary, however, actual assessment marks from the previous school cannot be used or included within the current school's assessment procedures.

STUDENTS ABSENCE FROM ASSESSMENT TASKS

The following conditions will apply in relation to absences and extensions:

- If a student is absent when a task is initially issued it is the responsibility of the student to find out the nature of the task. If the absence is particularly lengthy, the classroom teacher, in consultation with the Head Teacher Administration, will decide upon any extension or appropriate replacement task to be granted when the student returns. It is the student's responsibility to seek out the classroom teacher in consultation with the Head Teacher Administration to make appropriate arrangements.
- If a student is present at school when a task which is completed outside of class time is due, and fails to submit the task without a valid reason, a zero mark will be recorded for that task.
- If a student is absent when a task is due, it must be handed in on the **first day** of return to school whether the student has the subject that day or not.
- If the absence is due to court reasons, then the court documents must be produced
- If the absence is due to illness then a **MEDICAL CERTIFICATE** must be produced. The following **are not** acceptable reasons (family matters, help at home, work commitments, weekend away). The Head Teacher Administration, in consultation with the Deputy Principal, may then grant reasonable extensions. If the reason for the absence is deemed unsatisfactory a zero mark will apply. Students who have been granted an extension and fail to submit by the new date, will be subject to a zero mark.
- If a student is absent when an in-class task is to be performed, then a zero mark will be applied unless a medical certificate or a satisfactory explanation is provided **on the first day the student returns to school**. In these circumstances, the Head Teacher Administration will provide a date for an alternate task or, in exceptional circumstances, produce an estimate mark in consultation with the Deputy Principal. The last option will only be considered where the teacher has adequate data on the student's prior performances to make an informed estimate.
- Where a student fails to attend a formal school-wide examination no alternate paper will be set and an estimate will be provided only in the most extreme and properly documented circumstances and in consultation with the Deputy Principal. If a student knows they will be absent due to medical issues etc they need to see Head Teacher Administration before examination date to negotiate an alternate time. Students will be required to complete the Application – Assessment Task Extension/Variation.
- If a student is on school suspension it is the student's responsibility to negotiate with the Principal, the conditions whereby the task may be satisfactorily completed.

SPECIAL PROVISIONS

Conditions similar to those available for HSC examinations will be considered for students with special needs or who have been injured or ill eg readers, writers, additional time, separate supervision etc. Alternate tasks may be used if exceptional circumstances are involved. If a student has been confirmed as receiving any of these provisions by the NESAs then they will be eligible for these in school-based assessments.

MALPRACTICE IN TASKS

Copying and non-original work

Where there is obvious evidence of copying, cheating or plagiarism, where outside sources are used but not acknowledged, this will incur a penalty as per School and Department of Education Policies and in consultation with the Deputy Principal and Principal. Parents/carers will be notified.

Students completed the NESAs All My Own Work on starting the Year 11 course which covered copying, cheating and plagiarism. This is a mandatory component to allow students to be enrolled in the Year 11 NESAs site.

Students need to be aware that the school must report all cases of plagiarism on the NESAs website.

USE OF ELECTRONIC MEDIA

Students may be required, or may elect, to use electronic media in the preparation and/or presentation of assessment tasks. In such cases, it is important to ensure that:

1. Appropriate backup of material takes place regularly.
2. Hard copies of various drafts are kept.
3. Evidence of processes and content (e.g. research notes, copies of material used, bibliography etc.) is retained until after the task is due.

Failure of electronic equipment is not an adequate reason for the late submission or non-submission of a task. If a home-based printer fails, the task should be brought to school on a USB for printing. Electronic backup of material should prevent computer breakdowns from impacting upon the production of tasks. Another means for securing drafts of assessment tasks is by e-mailing a copy to oneself. Computers are widely available at school to assist with task preparation and presentation.

Tasks should always be prepared with adequate time to ensure presentation is accurate and complete.

No consideration can be given to last-minute loss of work. It is your responsibility to provide drafts and a backup copy.

NON-ATTEMPT OR NON-GENUINE ATTEMPT OF TASKS

The Head Teacher Administration, authorized by the Principal, will warn students in advance if they are in danger of not meeting the assessment requirements of a course.

It is the presumption of the school that all students will complete all tasks both assessable and non-assessable.

Failure to do this may result in the student not having met the requirements for the award of the HSC.

Students must make a genuine attempt at the assessment tasks of each course studied.

A non-genuine attempt is when a student submits an assessment task, which demonstrates little thought, or effort, which is generally incomplete or which has been answered frivolously, and/or submits only the multiple choice and nothing else. A genuine attempt is the presentation of an assessment task which meets the requirements of the task set and which has been done to the best of the student's ability.

If, in the judgment of the class teacher and Head Teacher Administration in conjunction with Deputy Principal, a student makes a non-genuine attempt at an assessment task, the 'N determination' procedure will be applied, as per School and NESA Policies and in consultation with the Principal. Parents/carers will be notified.

T-VET

Students are required to maintain a competency LOGBOOK that will assess specific work related skills.

Please see Section 3B regarding Vocational Education and Training Course requirements.

FAILURE TO SUBMIT A TASK, PROGRESS CONCERNS AND THE "N" DETERMINATION:

- If a student is not meeting the general requirements of the course parents / carers will be informed
- Failure to submit an assessment task and/or lack of effort and progress in the course will result in a student receiving an **"N" determination warning** notification letter. The student will be given a new date by which to submit the task but will receive a zero grade
-

YOU WILL RECEIVE AN "N" DETERMINATION IN A COURSE IF YOU DO NOT:

- Follow the course developed or endorsed by NSW Education Standards Authority
- Apply yourself with diligence and sustained effort to the set tasks and experience provided in the course by the school
- Achieve some or all of the outcomes

FORMAL EXAMINATION PROCEDURES

- All students should ensure they have a copy of the examination timetable
- Students are to wear normal school uniform
- The examinations must start on time and it is the students' responsibility to ensure they are not late
- Extra time to complete an examination will not be given to a student who arrives late to an examination without an adequate excuse. The Deputy Principal will interview the student on his/her arrival at school and before entering the examination. The Deputy Principal will then decide whether that student will be allowed to sit the examination
- Students must not talk once they are in their seats in the examination room
- There is to be no sharing of equipment during an examination
- Students may not bring ANYTHING to the examination other than equipment allowable for that examination. (This includes mobile phones!) Mobile phones must be switched to silent or off and either left in the student's bag or at the office. Mobile devices are not permitted in the examination room.
- No student is allowed to leave the examination room before the end of the time set down for the examination
- Students should make sure that ALL answer sheets are named, numbered and stapled together as required. Some examinations may require students to complete a cover sheet of "questions attempted"
- It is the student's responsibility to check that ALL pages are securely together before handing in their examination response
- During 'Reading Time' no writing is allowed, and pens should remain on the desk
- Supervisors will announce when there is only 5 minutes before the examination is over. On conclusion all writing must cease
- Supervisors will advise on the method for collecting papers in each subject and students may not leave the examination room until directed to do so
- When asked to leave students must do so in an orderly fashion
- No paper is to be taken from the examination room
- In case of sickness a student will not be allowed to re-enter the examination room after leaving

FORMAL EXAMINATION BEHAVIOUR

All students will be required to sit Trial HSC Examinations as required by their pattern of study. Some course patterns have a Half Yearly Examination. The Half Yearly Examination may not be assessable but will be appear on the student report. Students need to check the assessment outlines to determine whether the Half Yearly Examination is assessable.

Disruptive or rude behaviour will not be tolerated in the examination room. Any student who is removed from the examination room runs the risk of earning a zero mark for that examination.

No electronic devices are permitted in the examination room or during examination time and must be switched off and left in bag or at the front office.

No food or drink is allowed to be taken in with the exception of a water bottle.

Any student known to be cheating will be escorted from the examination with their paper and taken to the Deputy Principal or Principal. Head Teacher Administration and Stage 6 Head Teacher will be notified and the student will receive a zero mark for that examination.

FORMAL EXAMINATION ATTENDANCE

- Attendance rolls will be marked during the examination.
- Unless otherwise directed, students are not required to attend school except for their examinations.
- Students must make every effort to attend the examination. If an examination has to be missed it is usual to ask the student to provide a medical certificate in the case of illness or a statutory declaration signed by a J.P. in the case of a general unforeseen absence. Parents/carers are to ring the school prior to the examination starting to inform the Head Teacher Administration or Deputy Principal.

HOMEWORK

During Year 12 it is expected that students dedicate time outside of school hours to:

1. Complete work set in class
2. Prepare and present all tasks set by the classroom teacher
3. Revise work covered in class on a daily basis
4. Research/extend areas of weakness, using set texts or alternative sources
5. Keep notes organised

It would be appropriate to spend 3-4 hours per day (5 days a week) on work at home.

Students are encouraged to present work to their teachers for feedback regularly. In particular, students should be in the practice of submitting essays and past papers as often as possible. Practice questions are available on the NESA Website or from the class teacher. The syllabus documents (also available online) also provide a clear guide for study direction. All past HSC multiple choice questions are also available on the same site:

<http://educationstandards.nsw.edu.au>

SCHOOL REPORTING

- A school report is issued twice a year for all students.
- For Year 12, reports are issued at the end of Term 1 and the end of the Year 12 course.
- The school report contains the following information for each subject studied.
 - An examination mark as a percentage when undertaken
 - An examination rank if an examination was undertaken
 - An assessment rank
 - Levels of achieve for curriculum outcomes
 - Commitment to Learning levels
 - Teacher Comment

APPEAL PROCEDURE

Student is not present to submit, or to sit for, an assessment task. The student **must** see the **Head Teacher Administration** on their **first day back** at school to claim extenuating circumstances.

OR

A student asks for an extension.

Head Teacher Administration interviews student and issues an appropriate form.

Student completes form and returns it to the **Head Teacher Administration** with relevant documentation e.g medical certificate, funeral notice, court documents etc **the next school day**. The Head Teacher has five school days to respond.

Head Teacher Administration accepts the reason as valid and informs **Classroom Teacher** to credit the marks for the task or to grant the extension.

OR

The **Head Teacher Administration** does not accept the reason, the relevant documentation that includes the Appeal Form is passed back to the **student**. The **student** has five days from receiving the documentation to submit an appeal to the **Deputy Principal** if they wish to appeal the decision.

A committee consisting of the **Principal, Stage 6 Head Teacher and DP** make the decision and inform the **student, Head Teacher Administration and Classroom Teacher** within ten school days from receipt of appeal.

THE RESPONSIBILITIES OF A YEAR 12 STUDENT

Most benefit will be gained from the Year 12 Course if students see it as an important part of their learning process and a preparation for their HSC.

Attempts by students to manipulate the timing and conditions of tasks will create friction and undermine the ongoing learning program. Petty excuses and absences for frivolous reasons will create an atmosphere of mistrust, which will work against negotiations aimed at the mutual benefit of all students and will make things more difficult for those with genuine problems.

A spirit of good sense, common purpose and cooperation will benefit all.

Students must ensure that they attempt each assessment task to the best of their ability so that they demonstrate maximum level of achievement to meet the requirements of the course.

Students must ensure that they understand and follow the procedures and policies within this booklet and any problem arising from the procedures and policies is resolved at the time it occurs. Students need to abide by the Code of Conduct at Manilla Central School.

The responsibilities of parents / carers and independent students:

- Ensure that your student, and you, are aware of and understand the importance and consequences of the points raised in this booklet
- Ensure that the school is contacted, in the case of student absence, as soon as possible
- Ensure that any 'Notice of Concern', 'zero letter' or 'NESA letter' sent home is addressed to the satisfaction of the school

'N' DETERMINATION PROCEDURE

Each student is issued with, and signs for, an Assessment Booklet containing the Assessment schedules for all subjects on offer for that academic year at the beginning of Year 12, Year 11 or Year 9 & 10 RoSA course. A copy is also placed on the school's website. The 'N' award procedure is clearly outlined below and discussed with students at its distribution. Individual assessment tasks will be distributed by the classroom teacher and a copy placed on the school website.

Student has not met course outcomes, applied himself/herself with diligence to set tasks or has not submitted an assessment task on the due date.

Classroom Teacher reports to **Head Teacher Administration** with a copy of the task and completes Sentral N notification.

Head Teacher Administration discusses situation with the student and issues with appropriate paperwork where appropriate. Discussion takes place regarding the process of submitting the task to meet requirements. Minutes of the meeting are recorded in Sentral. DP is informed.

NON SUBMISSION OF TASK – FIRST N WARNING IN A SUBJECT

Head Teacher Administration phones home and processes Sentral registration. A revised due date, 10 school days from the date of processing, is given for the task to be completed. The notification letter is mailed home to parents and a copy given to the student. Student returns the slip to acknowledge receipt of the letter.

Subject Teacher issues two verbal reminders during this time period which are recorded on the Record of Action (log) sheet and on Sentral entry.

Course requirement is completed in the time period. Sentral records are changed to 'completed'. A zero mark is awarded but course outcomes are satisfied. A zero mark letter is generated by **HT Admin** and sent home. **Classroom Teacher** prints Sentral log and places in Monitoring Folder

Student does not submit task. **Classroom Teacher** reports to **Head Teacher Administration**. **Head Teacher Administration** completes a 'N award' reminder letter to be sent home. Action is recorded on the log sheet and Sentral. **Classroom teacher** prints Sentral log and places in Monitoring Folder.

NON SUBMISSION OF TASK – SECOND N WARNING (in the same subject, new task)

Classroom Teacher reports to **Head Teacher Administration** with a copy of the task and completes Sentral N notification.

Head Teacher Administration discusses situation with the student and issues with appropriate paperwork where appropriate. Discussion takes place regarding the process of submitting the task to meet requirements. Minutes of the meeting are recorded in Sentral. DP is informed.

=REPEAT OF PROCESS AS FOR FIRST WARNING

'N' awards remain unresolved for the course. Student is awarded an 'N' determination.

'Student resolves 'N' determinations for the course have been completed.

Student continues with studies.

Principal's Action.

A third 'N' determination letter has been issued or, after 10 days, the student has not complied with the second warning, a referral is made to the Principal. The Principal will arrange a formal meeting with student, parents, DP and HT Admin and determine whether the 'N' determination will stand. A new review date may be set which is 15 days from the time of interview. Failure to meet this deadline will usually result in an 'N' determination for that subject.

'Student resolves 'N' determinations and/or more than 50% of the weighted assessment marks for the course have been completed.

OFFICIAL WARNING - Non-completion of a Higher School Certificate Course

I am writing to advise that your _____ is in danger of not meeting the Course Completion Criteria for the Higher School Certificate course _____ - HSC.

The NSW Education Standards Authority (NESA) requires schools to issue students with official warnings in order to give them the opportunity to redeem themselves. Please regard this letter as the 2nd official warning we have issued concerning _____.

A minimum of two course-specific warnings must be issued prior to a final non-completion of course determination being made for a course.

Course Completion Criteria

The satisfactory completion of a course requires principals to have sufficient evidence that the student has:

- a) followed the course developed or endorsed by the Board; and
- b) applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- c) achieved some or all of the course outcomes.

Where it is determined that a student has not met the Course Completion Criteria, they place themselves at risk of receiving a determination of non-completion of course requirements. This will mean that the course will not be listed on the student's Record of Achievement and may affect the student's eligibility for the Higher School Certificate. In Year 12, students must make a genuine attempt at assessment tasks that contribute in excess of 50% of available marks. Completion of tasks worth exactly 50% is not sufficient; tasks worth in excess of 50% must be completed.

To date _____ has not satisfactorily met _____ of the Course Completion Criteria.

The table overleaf lists those tasks, requirements or outcomes not yet completed or achieved, and/or for which a genuine attempt has not been made. In order for _____ to satisfy Course Completion Criteria, the tasks, requirements or outcomes listed overleaf need to be satisfactorily completed and/or achieved.

Opportunity to correct the problem

The following tasks or requirements need to be completed by _____ to correct the problem.

Task Name/Course Requirement/Course Outcome	Date Task Initially Due	Action Required by Student	Date to be Completed by

Action by parent/guardian

To support _____ in meeting the course requirements, we request that you discuss this matter with him/her, and encourage and support him/her to carry out the required actions. If you have any questions about this matter, please contact the school.

Please complete the acknowledgement below and return it to the school. Please feel free to add additional comments if you wish.

Yours sincerely

Michael Windred

Please detach this section and return to the school

Requirements for the satisfactory completion of a Higher School Certificate Course

- I have received the letter dated _____ indicating that _____ is in danger of not having satisfactorily completed _____ - HSC.
- I am aware that this course may not appear on his Higher School Certificate Record of Achievement.
- I am also aware that the determination of non-completion of course requirements may make his ineligible for the award of the Higher School Certificate.

Zero Mark for Assessment Task

Dear

Re: - Year 12

I wish to inform you that of Year 12 has been given a mark of zero in the following subject: -
HSC.

I am concerned that this result could affect satisfactory completion of this course. You should be aware that failure to complete more than 50% of the assessment weighting means that a student may not complete the course satisfactorily.

Yours sincerely

SECTION 2 – RESPONSIBILITIES OF A SENIOR STUDENT

UNIFORM

Senior students should attend school, examinations and excursions in the correct school approved uniform. Full school uniform must be worn at all official functions.

ATTENDANCE AT CLASS

Regular attendance at ALL classes is a necessity for the maximization of marks as well as being a Year 12 requirement. Unexplained absences from school or lessons will jeopardize both HSC entry and the student's continuation at school. (Remember that if students are in receipt of assistance from any outside organization, absences may affect payment or require a reimbursement of funds.)

SENIOR STUDY GUIDE

A senior study timetable is provided for those students who have study periods. Students are expected to report to the library, sign in and complete work quietly.

MANNERS AND CO-OPERATION

Good manners, civil speech and co-operation are expected from all students, (especially senior students) to staff. Strong working relationships between staff and students will ensure full support and preparation for the HSC.

SENIOR PRIVILEGES

As the school leaders, seniors are allowed the privilege to leave at Break 2 once the privilege has been gained by the year group. Students are required to sign out as they leave site and sign in when they return.

VISITORS AND EX-STUDENTS

Visitors and ex-students are welcome at the school but MUST report to the front office upon arrival. Under Departmental guidelines visitors are not allowed to wander around the school without identification and the approval of the Principal or Deputy Principal. Visitors should be directed to the office for this approval and permission issued where it is considered necessary.

LEAVING SCHOOL PREMISES

Year 12 are not allowed to leave the premises unless:

- an 'Official Pass' is secured by presenting a note the morning of the relevant day. This process is school wide and in accordance with Departmental guidelines.
- a pass is issued on a permanent basis for students who have permission for an alternate timetable (parent/carers documentation is required).

Normal school rules apply to leaving the school premises during class time for ALL students of the school.

SOCIAL/SCHOOL FUNCTIONS

Senior students are expected to lead in standards of participation and behaviour at social/school functions. Unacceptable behaviour of any kind, particularly contravention of drug free zone regulations, will result in the withdrawal of privileges and could jeopardize the student's future at the school.

EXPECTATIONS AND RESPONSIBILITIES ON EXCURSIONS, VISITS AND/OR VARIATION TO ROUTINE

Excursion 'Expectations and Responsibilities' are an extension of the school's behaviour code and as such will be subject to the normal discipline procedures and processes.

SERIOUS STUDIES

Seniors have a responsibility to take their studies seriously for their own benefit. Therefore, students should never impede the progress of others who wish to achieve their full potential or ridicule those who are committed.

FELLOW STUDENTS

As leaders of the school community, senior students have a responsibility to assist junior students if they are in trouble. All students should be treated with understanding and respect as individuals with certain rights. The juniors should return this respect to the senior students.

WIDER COMMUNITY

Seniors should realise that their actions and words beyond the school reflect on the rest of this school community. Seniors should conduct themselves in a mature manner that will advance the name of their school in the community.

HELPFUL HINTS FOR PARENTS/CARERS

Whilst it is true that parents/carers cannot force their child to study and/or learn, there is much that can be done to encourage the process.

Research has repeatedly shown that students, whose parents are engaged in their schooling and have an active association with the school, achieve a higher academic standard.

Here are some strategies which will support your child in Year 12.

- Encourage your child to have a balanced diet and particularly eat breakfast
- Help your child set up a suitable study area
- Ensure that your child has all required texts and equipment
- Be aware of assessment requirements and deadlines ... be prepared to make some allowances in times of heavy demand
- Encourage your child to manage their time effectively
- Whilst it is good for most students to have paid part-time employment, they should avoid working more than 10 hours a week and also avoid late shifts before a school day
- Have realistic expectations of your child and encourage them to set their own goals
- Praise improvements when they occur and encourage them when they don't
- The HSC can be stressful for everyone! Find some stress relief strategies that work for you too
- Exercise is a great way to release stress and keep your child's body and mind healthy
- Don't hesitate to contact the school if you are concerned about your child

RESPONSIBILITIES OF STUDENT DRIVERS

Driving a car is enjoyable and convenient but also a great responsibility! It is easy to lose sight of the potential dangers and serious consequences of a failure to comply with the law. Accidents can be tragic not only for the driver and passengers but for other people on and off the road. In an effort to keep ALL students as safe as possible we require students to abide by the following:

- Students MAY DRIVE TO AND FROM SCHOOL, ONLY.
- Students MUST NOT leave at any other time in any car without the appropriate permission. (This includes sport and excursions or variations to routine.) Passenger permission forms are available from the office.
- Students parked in the school carpark must wait for buses to leave before exiting the carpark.
- Students need to respect other's safety and observe the road rules, especially in the school zone.

Students MUST:

- Be fully licensed to drive
- Have filled out ALL of the appropriate forms
- Have written permission from their parents/carers through the completion of the form
- Transport others, only, when a permission note from the passenger's parent/carer is completed and filed
- Have the forms filed at the Secondary Office.

CHANGING YOUR SUBJECT PATTERN

If you have a valid reason to change your subject pattern, it is important that you follow these steps:

1. Collect a **Subject Change Form** from the **Deputy Principal**.
2. Discuss your decision to change with the **Head Teacher Stage 6**.
3. Discuss your decision with your **parents** and have them sign the form.
4. **See the Careers Adviser** so that they can check NESA requirements and advise you regarding career options.
5. See your **Stage 6 Adviser** so the form can be signed.
6. Ensure all sections of the form are completed before **returning it to the Deputy Principal** who will confirm all NESA requirements have been met. The Deputy Principal will process the form, interview the student and parent when necessary before generating a new NESA confirmation for the student to sign if a change is going to occur.
7. Once the form has been processed, a new timetable will be generated. Students may **NOT** attend the new class until a new timetable has been generated or alternative arrangements have been made with the Deputy Principal or Head Teacher Administration.

SENIOR STUDENT FLEXIBLE TIMETABLES (FLEXITIME) RESPONSIBILITIES AND AGREEMENT

A Flexible Timetable (flexitime) operates for any Senior Students who do not have a full face to face programme of study at the school. This means they will have study periods in their timetable. This situation will apply to students in Year 12 who have dropped a subject to study only the minimum 10 units required; any students who are studying by Pathways (part time HSC); and any students who are counting TVET (TAFE subjects) in their minimum pattern of study.

Please note: Flexible timetable arrangements are only available to students who have non face to face lessons at the start or the completion of their school day.

Students applying for Flexible Timetable arrangement (flexitime) agree to the following responsibilities-

- A Flexible timetable cannot be commenced until all procedures have been completed and signed form returned to school
- Students on flexitime are permitted to be at school, at home or at work if they have non face to face lessons at the start or end of the school day. Any alternative arrangements will require a note from home and a pass out as per normal procedures
- Students are to study in the Library. Please remember to sign in at the Library
- Students on flexitime who choose to work, or study at home, are required to sign in and out at the office when arriving at school and leaving from school
- Students on flexitime are encouraged to utilize the library when they have non face to face lessons in the morning or afternoon. It is a valuable time to catch up on class work, study and complete work on your assessment tasks.

SECTION 3B – VOCATIONAL EDUCATION AND TRAINING COURSES

To achieve an AQF VET Certificate or Statement of Attainment, a student or worker must be assessed as competent according to the requirements set out in the national Training Package.

Assessment requirements are detailed in each unit of competency and include performance evidence, knowledge evidence and assessment conditions.

In a **competency-based course**, assessment of competencies is standards-referenced. This means that a participant's performance is judged against a prescribed standard contained in each unit of competency, not against the performance of other participants.

The purpose of assessment is to judge competence on the basis of the performance criteria set out under each element of competency. **A participant is judged either 'competent' or 'not yet competent'**. This judgement is made on the basis of a range of evidence, which may be in a variety of forms.

Competency-based assessment focuses on the requirements of the workplace. Competence incorporates all aspects of work performance, including problem-solving and the capacity to apply skills and knowledge in both familiar and new situations. Assessment of competence involves the assessment of skills and knowledge combined.

WORK PLACEMENT

Work placement is a mandatory HSC requirement within the VET Framework Courses and minimum hours have been assigned to each HSC VET course within the Framework. (70 hrs for a 240 hr course)

Learning in the workplace will enable students to:

- progress towards the achievement of industry competencies
- develop appropriate attitudes towards work
- learn a range of behaviours appropriate to the industry
- practise and apply skills acquired in the classroom or workshop
- develop additional skills and knowledge.

Recognition of prior learning (RPL) and credit transfer acknowledges evidence of a student's achievement of competencies or learning outcomes. They allow students to have their previous learning – both formal and informal – count towards Stage 5 (Year 9 or 10) or Stage 6 (HSC) VET courses and AQF VET qualifications.

RPL assesses the individual student's formal, non-formal and informal learning to determine the extent to which that individual has achieved the competency standards.

Credit transfer provides credit for a unit of competency previously achieved.

Students can be granted credit (RPL or credit transfer) for:

- units of competency within AQF VET qualifications
- indicative hour requirements of Stage 5 or Stage 6 VET courses
- VET course outcomes and content in Frameworks
- mandatory work placement requirements.

RPL FOR WORK PLACEMENT

RPL may be granted for mandatory work placement requirements. Students' outside employment (ie not under the auspices of the school) may be recognised towards the requirement for work placement in a VET course.

PROCESS TO APPLY FOR RPL AND/OR CREDIT TRANSFER

Students must complete the attached NESA Application for Recognition of Prior Learning (RPL) and /or Credit Transfer within Stage 5 or Stage 6 VET Courses.

ASSESSMENT APPEALS PROCESS

For illness/misadventure complete the form on page 18 and submit to class teacher

If a student feels that the assessment did not provide them with a fair and reasonable opportunity to demonstrate competency and they wish to appeal the decision the process involves: Approach the VET class teacher to discuss the appeal. If not satisfied with the outcome then approach the VET Head Teacher. If still not satisfied the next step is to approach the Deputy Principal

HSC EXAMINATION

Students who have completed a frameworks VET (240 indicative hours) course are eligible to sit for the HSC examination. Students who undertake this examination can have their HSC examination mark contribute to the Australian Tertiary Admission Rank (ATAR). The VET subject examination mark can contribute up to two units towards the calculation of a student's ATAR. For students who elect to sit for more than one HSC examination in VET subjects, only one VET subject may be included in the ATAR calculation.

All VET students must sit the Half Yearly and Trial Examinations so that an estimate mark for the HSC may be calculated.

APPLICATION FOR RECOGNITION OF PRIOR LEARNING (RPL) AND/OR CREDIT TRANSFER WITHIN STAGE 5 OR STAGE 6 VET COURSES

This application has been developed to help schools, colleges and Registered Training Organisations (RTOs) to manage the determination of recognition of prior learning (RPL) and credit transfer within Stage 5 (Year 9 or 10) or Stage 6 (HSC) Vocational Education and Training (VET) courses.

The RTO involved in determining RPL/credit transfer must have the intended AQF VET qualification nominated in this application on their scope of registration.

Principals are delegated the authority to assess and approve applications for RPL or credit transfer for HSC VET course outcomes and content as defined by the indicative hour requirements for the HSC VET course and the mandatory work placement requirements.

Once processed, this application should be retained on record by the school or college and the RTO.

SECTION 1 Student, school/college and RTO details

Student name:	
NESA student number:	
School year/grade:	
School/college:	
RTO responsible for VET course delivery and assessment: <i>(see http://training.gov.au for RTO name and code)</i>	

SECTION 2 VET course and AQF VET qualification details

NESA course name:			
NESA course number:			
Pattern of study:	<input type="checkbox"/> Stage 5 100-hour elective <input type="checkbox"/> Stage 6 HSC indicative hours	unit(s) x	year(s)
Intended AQF VET qualification (code and title):			

SECTION 3 VET HSC exam (Industry Curriculum Framework 240/360-hour course only)

Indicate whether the student intends to sit the HSC exam (optional) for the VET course:

☐ no

☐ yes NESA exam number:

Calendar year the student will sit the exam:

Note: To be eligible to sit the HSC exam, students must meet the requirements of the respective HSC VET course from the syllabus that applies to the year that the HSC exam will be undertaken.

SECTION 4 Evidence for recognition of prior learning (RPL) and/or credit transfer

It is the student's responsibility to provide evidence to the school or college and to the RTO for processing their request for RPL/credit transfer. Evidence must be submitted with this application (see below).

Examples of evidence for RPL include:

- ☐ course outlines, reports and result transcripts
- ☐ references from industry/employers
- ☐ outline of experiences including times/dates, places and contacts
- ☐ outline of skills and knowledge
- ☐ other

Forms of evidence for credit transfer are:

- ☐ AQF VET Certificate and Transcript of Competencies achieved
- ☐ AQF VET Statement of Attainment showing competencies achieved

SECTION 5 VET course requirements

To gain credit towards the RoSA/HSC from the Stage 5/Stage 6 VET course, the student must meet ALL course requirements including:

- a) mandatory (Frameworks)/core (VET BECs) and elective units of competency to meet indicative hour requirements of the Stage 5/Stage 6 VET course
- b) HSC Content (Framework 240/360-hour course only)
- c) work placement requirements (where mandated).

These requirements may be met through RPL, credit transfer or further study as a part of the HSC program.

The RTO delivering the Stage 5/Stage 6 VET course is responsible for determining RPL or credit transfer for unit(s) of competency outcomes. This is to be done in accordance with the RTO's policies which comply with the VET Quality Framework, including standards for RTOs.

Refer to the HSC VET Framework syllabus or course description for the Stage 5 / Stage 6 VET BEC.

Section 5 (a) Units of competency to meet VET course indicative hour requirements

This worksheet should be used to record details of how the course requirements for the Stage 5/ Stage 6 VET course will be addressed (either by RPL, credit transfer or through further study as a part of the RoSA/HSC program).

Section 5 (b) HSC Content (Industry Curriculum Framework 240/360-hour course only)

Where an associated unit of competency has been awarded through RPL or credit transfer, the RTO delivering the HSC course is responsible for determining any gaps in learning for the HSC Content (HSC focus areas) and for providing a program that enables the student to address the identified gaps. (Refer to Section 3 in the HSC VET Framework syllabus.)

The scope of learning for all mandatory focus areas and stream focus area (where applicable) has been covered :

☐ yes ☐ no (if no, provide details of gap program below)

HSC Content gap program

Outline the learning opportunities/program that will be provided to the student to enable them to address identified gaps:

Section 5 (c) Work placement (where required)

Mandatory work placement requirements for the VET course:	hours
Quantity of credit awarded by RPL:	hours
Gap to meet HSC course work placement requirements: (minimum work placement hours minus hours awarded by RPL)	hours

Work placement gap planning

Outline the planning to ensure that the student will be able to complete the remaining work placement requirements in accordance with the Timetable of Actions for Secondary Schools:

SECTION 6 HSC exam preparation and estimated exam mark (where relevant)

It is the responsibility of the school or college/RTO delivering the HSC course to manage HSC exam preparation and determine an appropriate estimated exam mark for students who intend to undertake the VET course HSC exam and who have addressed the HSC focus areas (HSC Content) and been awarded RPL/credit transfer for the associated units of competency.

- ☐ A program to support the student's HSC exam preparation is available.
Outline the learning opportunities/program that will be provided to the student to support their HSC exam preparation:

- ☐ An appropriate procedure to determine an estimated exam mark for the student has been identified.

SECTION 7 Student, school/college and RTO sign off

The outcome of the application for RPL/credit transfer within the Stage 5/Stage 6 VET course as detailed above, and any programs identified to address gaps in the course requirements and/or HSC exam preparation (where relevant) have been agreed to by all parties involved.

Journal and newspaper articles

For journals, include the volume number, issue number or other identifier, and page numbers separated by commas where all these elements are available. If the journal issue has both a number and an identifier such as a month or quarter, choose one and use it consistently. If there is no volume number, the issue number or identifier should follow the journal title.

Follow the same principles for authors as outlined in the Books section.

Type	Examples
Journal article, one author	<p>When both volume and issue numbers are available.</p> <p>Wong, K 2009, 'Rethinking the hobbits of Indonesia', <i>Scientific American</i>, vol. 301, no. 5, pp. 66-73.</p> <p>Only an issue number.</p> <p>Culotta, E 2008, 'Hobbit skull suggests a separate species', <i>Science Now</i>, no. 677, p. 2.</p> <p>Other identifiers such as a month or quarter.</p> <p>Hay, A 2008, 'Lovely bones: making sense of the Flores find', <i>The Monthly</i>, July, pp. 28-34.</p>

Legislation and legal authorities

- Legislation is only included in a list of references if it is important to the understanding of the work (preferably in a separate list under the subheading 'Legislation').
- The titles of pieces of legislation should be cited exactly. Neither spelling or capitalisation should be altered to suit the referencing style. Articles (a, an or the) should not be omitted.
- Even if viewed electronically, legislation is generally referenced as if in print (unless only available electronically).
- Legal authorities (cases) are only included in a list of references if they are important to the understanding of the work under the subheading 'Legal authorities'.
- Legislation viewed in an annotated legislation textbook is cited in Legislation format, not Book format, unless referring to the editorial commentary/analysis, rather than the legislative provision.

How to cite references within the text of an assignment

These are also called in-text references. When you use another's ideas you should immediately acknowledge your sources. Always give the surname of the author and the date of publication. Use the **author-date** method of citation for quotations and paraphrasing.

Quotes

Quotations or quotes are when you use the **exact words** of another author. Quotations must always be referenced with page numbers.

Paraphrasing

Paraphrasing is when you summarise the ideas, concepts or words from the work or one or more authors.

Please note: changing only a few words from another author does not constitute paraphrasing.

Type	Examples
------	----------

If you are referring to the general theme of a work	<p>Carlson (1981) obtained results which...</p> <p>A recent study (Carlson 1990) ...</p>
When to include page numbers	<p>Sometimes it is necessary to provide page numbers, for example when paraphrasing or referring to information or an idea that can be located on a particular page, quoting or referring to images, figures or data.</p> <p>Soil layers below the well tip contribute relatively little water (Kozeny 1988, pp. 223-4).</p> <p>Kozeny (1988, p. 223) found soil layers below the well tip contributed little. Referring to multi-volume works.</p> <p>(Jesse 1992, vol. 2, p. 23)</p> <p>(James 1999, vol. 1, p. 26; vol. 3, pp. 39-41)</p>
Direct quotations	<p>Brief quotations (about 30 words or less) can be included in text. Use single quotation marks.</p> <p>Stewart (1982, p. 6) said: 'Engineers are vital to the survival of the planet'. 'Engineers are vital to the survival of the planet' (Stewart 1982, p. 6).</p> <p>Lengthy quotations are given in separate paragraphs which are usually indented from the text margin and set in smaller type. No quotation marks are used. Citations are as above.</p>
When there are no page numbers or when referring to sections, equations or other elements	<p>For sources that don't include page numbers, such as many electronic books and web resources, try to be as precise as possible where it is practical to do so.</p> <p>Tipton and Krause (2007, ch. 2, para. 1) state: 'Increased corporate ...'.</p> <p>(Beutler 2000, Preface, para. 1)</p> <p>(Xerox Corporation 1999, para. 5)</p> <p>This level of detail may not be possible, or suitable, for all formats (e.g. audio, video, images, maps, etc. or even very short documents).</p> <p>(Fahrenheit 9/11 2004)</p>

	<p>Referring to sections, equations or other elements from a source.</p> <p>(Module 1: the accounting environment 2011, slide 1)</p> <p>(Spiegel 2000, sec. 2)</p> <p>(Warren 2006, eq. 3)</p> <p>(Ellis 1984, fig. 6)</p> <p>For most plurals, simply add an "s" and drop the full stop (e.g. chs, paras, figs and eqs).</p> <p>Exceptions include fnn. (footnotes), ll. (lines), pp. (pages), rr. (regulations) and ss. (sections).</p>
Citations from secondary sources	<p>Brown (cited in Smith 1995, p. 99) reported ...</p> <p>(Brown, cited in Smith 1995, p. 99)</p> <p>Note: In the reference list provide the details of the author who has done the citing:</p> <p>Smith, J 1995, ...</p> <p>Details of the work of the author being cited - in this example, Brown - can be included if useful or of interest (but is not necessary).</p>
Using images, figures and tables	<p>Figure captions should be directly under the image and then followed by an in-text citation.</p> <p>Figure 1: Consumer confidence, concerns, spending and attitudes to recession: a global Nielsen consumer report (AC Nielsen 2008, p. 1)</p> <p>Table captions should be above the table. There must also be an in-text citation if reproducing or adapting data.</p>
Two or three authors	<p>(Jones & Hackett 1991)</p> <p>Jones and Hackett (1991) theorized that...</p>

	<p>(Boyd, Smith & Eberle 1985)</p> <p>Boyd, Smith and Eberle (1985) found...</p> <p>Note: The ampersand is used when the authors' names are in brackets.</p>
More than three authors	<p>Use the first author only followed by 'et al.'</p> <p>For example, a work by Veitch, Christodoulis and Farmer becomes:</p> <p>Veitch et al. (2012) discussed how to identify valid law.</p> <p>A range of general themes (Veitch et al. 2012) were discussed.</p> <p>Note: Names of all the authors must be given in the list of references.</p>
Multiple citations of the same author	<p>Arrange in chronological order, and use suffixes to distinguish works published in the same year (the order of the letters is determined based on the alphabetical order of the titles).</p> <p>Brown (1980, 1983a, 1983b) theorized ...</p> <p>Brown (1983a, p. 21; 1983b, p. 85) theorized ...</p>
Two authors, same surname	<p>Initials are included to distinguish between them.</p> <p>The theory was propounded by AE Smith (1981), but has been refuted since (Smith, BR 1985).</p>
More than one work cited	<p>Alphabetical presentation is recommended.</p> <p>(Haddon 1969; Larsen 1971, pp. 99-101)</p>
Personal communications	<p>Personal communications can include things such as letters, memos, emails, facsimiles, interviews, informal conversations, telephone calls and lecture presentations.</p> <p>Initials are included.</p> <p>Full details of the date (day, month and year) should be provided in the text.</p>

	<p>(Ayers, RN 1991, pers. comm., 2 July).</p> <p>MK Larsen (1983, pers. comm., 1 May) said...</p> <p>On 20 July 2006, Ms A Brown confirmed ...</p> <p>Note: Personal communications are not included in the list of references at the end.</p>
Encyclopedias and dictionaries (if no author is evident)	<p>The concise Oxford dictionary of current English (1990, p. 334) defines it as ...</p> <p>(The Cambridge encyclopedia of the English language 1995, p. 334)</p> <p>Note: There is then no need for an entry in the reference list.</p>
Editors	<p>If the role of an editor (or compiler, reviser or translator) is of primary importance, and the work is listed in the list of references under those names, use abbreviations such as ed., eds, trans., rev., comp. and comps.</p> <p>(ed. Kaufmann 1974)</p> <p>... edited by Kaufmann (1974)</p> <p>(eds Ahdar & Aroney 2010)</p> <p>... edited by Ahdar and Aroney (2010)</p>
Unknown or uncertain dates	<p>No publication date - Donovan (n.d.) revealed ...</p> <p>Approximate publication date - Harris (c. 1751, p. 117) said ...</p> <p>Doubtful publication date - Hawkins (1886?)</p> <p>Unpublished work - (Crowley, unpub.) Crowley (unpub.) argues that...</p> <p>Not yet in the process of being published - Tomasi (forthcoming)</p> <p>Currently in the process of being published - Nisbet (in press)</p>

Anonymous or no author given	<p>Note: Do not use 'Anonymous' or 'Anon'.</p> <p>On travelling to London (1683) reveals this to be false.</p> <p>This was not so in seventeenth-century England (On travelling to London 1683)</p> <p>... as reported in ATSIK News (2002) This is a common misconception (ATSIK News 2002)</p> <p>... in the Sydney Morning Herald (22 November 2012, p. 3)</p>
No personal author, sponsored by corporate body	<p>(CSIRO 1982)</p> <p>A publication of the Institution of Engineers, Australia (1988) is ...</p> <p>Note: Abbreviations such as CSIRO may be used in textual references. The abbreviation should then be used for all in-text citations of that body and the reference list should provide a cross-reference:</p> <p>CSIRO - see Commonwealth Scientific and Industrial Research Organisation</p>
Newspapers	<p>If authors are given, use the principles already stated above and provide an entry in the reference list.</p> <p>If there is no author, provide all the details in the in-text citation.</p> <p>(Weekend Australian 24-25 Jan. 1987, p. 19)</p> <p>... in the Sydney Morning Herald (24 January 2000, p. 12).</p> <p>(Financial Review 18 January 2000, editorial) There is then no need for an entry in the reference list. If a work contains frequent references to newspaper material, it may be best to abbreviate the newspaper titles. SMH, for example, could replace Sydney Morning Herald. The abbreviation, like the full title, is italicised.</p> <p>Note: Newspaper articles on the WWW and in electronic databases do require entries in the reference list.</p>
Sacred texts	<p>Psalm 23:6-8</p> <p>Details of sacred texts are not usually included in a list of references.</p>

<p>Motion pictures, videos, DVDs, CD-ROMs, television and radio programs</p>	<p>In-text references should contain the title (in italics) and date of production.</p> <p>Strictly ballroom (1992)</p> <p>(Understanding the GNP 1982)</p>
<p>Legislation</p>	<p>The titles of pieces of legislation should be cited exactly. Neither spelling or capitalisation should be altered to suit the referencing style. Articles (a, an or the) should not be omitted.</p> <p>Most Acts and Ordinances have a short, formal title that can be used for citation purposes. First references should always cite this short, formal title in italics (exactly and in full) and subsequent references can be shown in roman script (not italics) with the date omitted.</p> <p>... the Environment Protection (Impact of Proposals) Act 1974 ...</p> <p>... the Environment Protection (Impact of Proposals) Act ...</p> <p>There are two ways of clarifying jurisdiction. For works referred to infrequently, make it obvious in the text.</p> <p>Victoria's Equal Opportunity Act 1995 prohibits ...</p> <p>Otherwise, place information in parentheses and in roman script after the date.</p> <p>... the Copyright Act 1968 (Cwlth) ...</p> <p>... the Anti-Discrimination Act 1991 (Qld) ...</p> <p>Acts of the parliaments of other nations should be presented in roman script.</p> <p>... The Sale of Foods Act 2000 (UK) ...</p> <p>Bills are presented in roman type because they are, in effect, 'unpublished' at that stage.</p> <p>... the Regulation of Genetic Material Bill 2000 ...</p>

	<p>Legislation is only included in a list of references if it is important to the understanding of the work (preferably in a separate list under the subheading 'Legislation').</p>
Legal authorities	<p>The following details are necessary for the full in-text citation of legal authorities:</p> <ul style="list-style-type: none"> • the name of the case (italicised and containing the first-mentioned party on each side). It is sufficient to provide the family name of a person. Corporation names are given in full (but abbreviations can be used) • reference details • the year (in parentheses) or volume number, or both • abbreviated name of the report series • the page on which the report of the case begins (for a specific page reference, "at" is used instead of "p.") <p>McDonald's Corporation v. Joburgers Drive-Inn Restaurant (Pty) Ltd (1996) 36 IPR 11 at 20</p> <p>Carey v. Price (2005) 132 ALR 255</p> <p>In the citation of criminal cases in which the Crown is the prosecutor, "R" is used.</p> <p>R v. Australian Broadcasting Tribunal (1980) 144 CLR 13</p> <p>However, if the Crown is the respondent in a criminal appeal, the order is reversed and The Queen given in full. Pearce v. The Queen (1998) 194 CLR 610</p> <p>On first mention, the authority should always be cited in full. If there is a commonly known abbreviated form or name for the case, this can be given in parentheses and used in subsequent citations.</p> <p>Mabo v. The State of Queensland (1992) 175 CLR 1 (the Aboriginal Land Rights Case)</p> <p>A decision at law can appear in more than one report series.</p> <p>The Commonwealth v. The State of Tasmania (1983) 158 CLR 1; (1983) 57 ALJR 450; (1983) 46 ALR 625 (the Tasmanian Dam Case)</p> <p>Legal authorities are only included in a list of references if they are important to the understanding of the work under the subheading 'Legal authorities'.</p>

Web site	<p>To cite a Web site within the text of an assignment, use the name of the person or organisation responsible for the site (author) and the date of the site's creation or most recent update.</p> <p>The Bodyshop (2003)</p> <p>Web addresses can be given directly in the text using angle brackets(< >) to isolate them from any sentence punctuation.</p> <p>Details are available from the department's Web site <http://www.finance.gov.au>.</p>

Helpful hints for Web documents

- You must specify the date on which you accessed the item, since Web documents can change or disappear at any time.
- If a Web document includes both a date of creation and a date it was last updated, use only the date it was last updated.
- If you find a document on the Web which is a series of linked pages, use the information from the main or "home" page.
- If you have trouble identifying the title, look at the top of the Web page above FILE on your browser.
- The date a Web document was created is usually listed right at the bottom of the document
