### OUTCOMES ASSESSED

- **TE4-1DP:** Design, communicates and evaluates innovative ideas and creative solutions to authentic problems or opportunities.
- **TE4-2DP:** Plans and manages the production of designed solutions
- **TE4-3DP:** Selects and safely applies a broad range of tools, materials and processes in the production of quality projects.
- **TE4-5AG:** Investigates how food and fibre are produced in managed environments.

### TASK DESCRIPTION

Students are to research and compose a PowerPoint summarising the legal and ethical requirements of raising chickens: Housed Broilers vs Free range Broilers.

### TASK INSTRUCTIONS

Students are to research the legal and ethical issues regarding chicken production. Specifically, Housed vs Free range meat production.

Research should include:

- What is the difference between housed and free-range broilers?
- How do the birds differ? (weight, size, colour, smell)
- What are the concerns surrounding housed vs free range meat production?
- Why do free range birds cost more?
- Describe your personal opinion in a persuasive text on this controversial issue. (200-300 words)

Such websites could be used to help find information:
