

Parent Survey Out of School Hours Care (OSHC)

To assist the school to plan for the possible provision of a new Out of School Hours Care service, parents are asked to complete the survey below. The survey will help us to understand the level of demand for Out of School Hours Care services at the school.

Please note, Out of School Hours Care service providers charge a fee for children to attend. They set their own fees but typically the cost of care is around \$22 per afternoon session and \$15 in the morning. These services are eligible for the Child Care Subsidy, paid directly to the provider to reduce your fees. The final amount depends on your family income level. More information can be found here:

<https://www.humanservices.gov.au/individuals/services/centrelink/child-care-subsidy>
