

Use the note/rest duration chart below to create a pizza with a different number of toppings (beats) per slice. An example for one slice has been given for you.

$1 + 1 + 4 + 2 = 8$ beats ✓

Rules:

1. Each slice must have at least 3 different notes or rests as toppings.
2. Each pizza slice must consist of both note and rest durations.
3. Try not to repeat a note or rest more than twice.
