

## Research: Important Australian Fruit Crops

Present your findings as a PowerPoint presentation

1. Why is fruit considered an important part of our diets?
2. List 3 ways that fruit from a farm might be used
3. Give 3 examples of names and pictures for each type of fruit group:

- Pome Fruit
- Citrus Fruit
- Stone Fruit
- Tropical Fruit
- Vine Fruit
- Olives

4. Choose one example from the list above and find out:

- How many varieties of the fruit exist? Give some picture examples
- Where in Australia is it grown? Give a map
- When is it harvested and how?
- What is its main use by Australian consumers?
- in use by Australian consumers?
