INSTRUCTIONS

Resume

Use this time to build/update your resume. You all should have started one, but I have included a guide in case you haven't. Make sure it is current.

Google Classroom activities

All the activities that we have completed this year are on our Google Classroom – check that you are up to date and have completed everything.

Year 10 – work experience

There are many year 10 students who still haven't given me their preferences for work experience. Once the lockdown lifts, I will be trying to get all year 10s out. Think about local businesses or family member/family friends that you could approach about doing work experience.

1. Resume – How to make your resume stand out from the pile

Your resume is the most important document you prepare to show to a future employer who may hire you.

It is a summary about your qualities that may impress an employer.

Here is an example of what a completed resume looks like. (You can find this example by going to JobJump's menu item **My Job**. Select **Find My Job Ads**. In the middle of the screen click on the tab **View an Example Resume**).

Jane Student
