Overview

Hi there,

For this week (beginning the 30th August) please continue to work from your Stage 4 Computer Studies [learn@home](#) Book 2.

This unit aims to continue to develop your understanding of **COMPUTER CODING AND PROGRAMMING**.

As usual, all work will also be posted on Google Classroom.

This week 30/08/21

Book 2 contained a tough code to crack and had many parts.

After speaking to several students some more time on this task would be in order.

Send me your work and the solution when you crack it.

Work can be returned for marking and review in any of the following ways:

- 'turn in' as an attachment on Google Classroom under the booklet section
- Email to my email address
- Return with your [learn@home](#) pack for marking.

If attaching to Google Classroom:

- you could photograph your work with your phone and 'share' to your email address.
- Then download and attach when you submit on Google Classroom.
Remember your school email is yourlogin.name@education.nsw.gov.au

If attaching to an email to send to me:

- you could photograph your work with your phone and 'share' to my email address
- My email is james.galloway@det.nsw.edu.au

Hope to see you soon 😊

Mr James Galloway

Computer Studies
